The Florida Times-Union and Citizen on Thursday published the following acwas involved:

Private Peter Gibbons, of Company I, Second Virginia Regiment, lies in the Se-cond Division Hospital seriously wounded from the effects of a wound in the abdo-men as the result of some instrument in the hands of a Chinese known as Charlie Lee, who has a laundry on Main street, between Church and Ashley.

The particulars of the affair are very meager, except that Gibbons went into the laundry and became involved in an altercation with the Chinese, presumably about some clothing. Lee claims that Gibbons struck him over the head with a chair, and that he defended himself by

using a pair of shears.

The penetration through Gibbons's clothing and into his body is said to have the appearance, however, of having been done with a sharp, double-edged instrument, like a dirk-knife, the clothing be ing clean-cut, and not ragged, as if

AFTER THE OFFICE-HOLDERS.

Rough Riders of the Hanover Con vention Will Ask an Investigation. That faction of the Republican party in this city which has most reason to be disappointed at the result of the Hanover convention has determined to carry

the war right into the enemy's camp. They will appeal even to the Civil-Service Commission, against whose mandaies they have been fulminating through so nany months of disappointment, and will invite a ruling as to how far persons who are under civil service, or at the head of civil service offices, can go, in conducting partisan politics. The blow saimed, of course, at Marshal Treat, Post master Knight, and his assistant, Mr. Grubbs, and Mr. N. J. Smith, Mr. C.

A delegation from the "Rough Riders," of the Hanover convention, will go to Washington, it is said, to call the attention of the Civil-Service Commission to part taken by Federal office-holders in the recent convention, and also to lay the facts, as they understand them, con cerning the convention before the Republican Congressional Committee. It is said a list of fourteen office-holders will be furnished the commission, and an inves tigation will be asked for.

The Packers at the Battle of Santiago de Cuba Were All Heroes-Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of Pack-Train No. 3, writing from Santiago de Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera, and Diaroea Remedy, we were able to keep at work and keep our health; in fact, I sin-cerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we bsolutely saved life."
